Dear *Graham*,

SKIDZ – Classrooms

Firstly, I apologise for the delay in sending this letter of thanks to you on behalf of SKIDZ. You kindly provided the manpower and materials to complete the construction of our two internal classrooms

Your staff were excellent, efficient and enthusiastic. They worked very hard as a team and in a manner which allowed us to carry on teaching and tutoring the young people.

They operated in a very tidy manner, clearing the areas, and liaising closely with us on timings and requirements, they are indeed a credit to your organisation.

We now have superb classrooms, which add an air of professionalism to the project. The youngsters seem to respond better working in more comfortable surroundings. We recently had a visit from Netta Glover, the Chairman of Aylesbury Vale District Council, she was most impressed with our improved facilities and we are hoping that she will be able to promote our work more widely to enable us to secure more funding.

Funding, is still, and I suspect, will be for a long time, critical to our sustainability and future success. I, alongside the management committee are preparing both Capital and Revenue Bids, which we hope will allow us to continue our work.

Many thanks once again for your support.

Kind regards

Yours sincerely

John Wood
Assistant Project Manager
